

Cranborne Middle School
Dorset
May 2020

Dear Future Friend in Year 4,

I would like to welcome everyone to your first year at Cranborne Middle School. Here you will go on amazing adventures with the school and just your year group.

At Cranborne Middle you will experience lots of amazing new things and learn new talents. Examples like dance in p.e and gymnastics also in p.e.

In year 5, depending on how big your first school is, it may seem scary as Cranborne has over 400 students. You don't have to worry because all of the wonderful year 5 teachers will help you settle in. Also you will have your year 8 buddy who will also look after you and you have buddy time every Friday. Buddy time is when you can catch up with your buddy and talk about things. You can tell your buddy if you are struggling with something and your buddy will give you tips to help you.

My personal favourite new lesson is french because it gives me the opportunity to learn a new language.

My best fun experience was the year 5 fun night and xmas factor because in the xmas factor you have to make your own group song and perform it to try to get to the finals. Fun night is a night where only year 5s are there and you do four different activities with year 5 teachers. I enjoyed the tunnelling game!

Top tips are: don't ever run in the hallways, if there is no space on the table with your friends at lunch just ask the dinner ladies and they will get people to budge up and make space, and just have fun.

From Alex
