Dear Future Friend in Year 4,

I hope you're ok and looking forward to starting at Cranborne Middle School soon. When I started last September, I was quite excited about starting a new school, but also a little bit worried about meeting the new teachers and pupils.

We had lots of help with things like finding our way around, lunchtime routines and where the different classrooms were. The teachers were all very friendly and helpful and my tutor took us around the school and showed us where we would go for our lessons. We were also given diaries and lesson timetables to cut out and stick in them.

I catch the bus to and from school everyday which is really easy and lots of children from my village do as well so there is always someone to talk to at the bus stop. I normally take a packed lunch to school however, sometimes I use Crumbs, the school canteen where there is a choice of hot or cold food.

There are lots of lunchtime and after school clubs to join if you want to. At the moment I only do Tae Kwon-Do after school on a Tuesday, but I will probably do more next year now that I'm settled in.

I have made new friends during my first year at Cranborne Middle School and feel more confident than when I first started. I have also learnt a lot and look forward to moving up to Year 6 to experience some new challenges and hopefully being able to go in the Science lab to do some experiments.

Good luck and see you soon

Jack
