Dear Future Friend in Year 4,

I hope you are ok and not too nervous about starting at CMS. I remember feeling very excited and a little bit worried about meeting my classmates and the teachers, so I know how you feel!

I want to explain a little bit about what it's like to be a pupil at CMS and how I found the first few days.

My first day

When I started CMS I was really worried because I didn't know anyone at the start, but when I got into class, I wasn't that worried anymore. Then I met new friends in my class. When we were doing lessons, I was doing well with my work. My teacher was very nice, Miss Cornick and she made me feel happy.

Next day

We went on the bus to get to school. Now we did our lessons. I felt really happy on the second day of school because now I have more friends and a new best friend, Louis. Louis is a very nice best friend. When it's break I like to play football with friends. We did more lessons and then it was lunch. Then we did more lessons and then it was home time. We went on our bus or car to go back home. I enjoy the bus because I can speak to my friends more.

Third day

We went back to school on our buses. We went back to class and had our lessons. This day was a good day for me because we had good lessons, PE and maths. Now we had break again, then we went back to lessons. It was lunchtime, lessons, and then we went home.

So that was my first three days of middle school. I like *CMS* and I hope you like going to *CMS* and make lots of new friends.

From

Tom, in Year 5
